Dear Mr. Wilson, — 3/20/96

Dave Wrone is indeed our very good friend.

He is also a Wisconsin asset.

I appreciate your letter very much.

I would at any time but I do more at 83 and in impaired health.

I did not publish Case Open. It was published by Carroll & Graf. Your book store can get it from one of its wholesalers.

The list of the books I published is enclosed.

We can still supply all of them.

Please note that two are available in xerox editions only.

They are durable. We've had no complaints about them.

Sincerely,

Harold Weisberg
